In any case, the cookies used are temporary, with the sole purpose of making navigation of the site more efficient, and disappear at the end of the user's session. Under no circumstances do these cookies themselves provide personal data and will not be used for the collection of such data.

Through using cookies, it is also possible for the server where the website is located to recognise the browser used by the user in order to make navigation easier, allowing, for example, users who have previously registered to access the areas, services, promotions or contests reserved exclusively for them without having to register on each visit. This website will not install non-essential cookies without previous user consent.

This website uses our own cookies and third-party cookies for analytical purposes and to display personalised advertising based on a profile drawn from your browsing habits (e.g. pages visited). All users who visit the website are informed of the use of these cookies by means of a floating banner. If its use is accepted, the banner will disappear, although it is possible to revoke consent and to obtain more information at any time by consulting our Cookies Policy.
